

Mighty Smidget Container!!!

Hi!

I'm the Mighty Smidget Container from TUPPERWARE and I have a story to tell. I fit neatly in the corner of a lunchbox. Fill me with relish, mayonnaise, ketchup, etc. Or how about a cottonball with your favorite perfume or medicines and pills, etc. I may be little but I am MIGHTY!! I know you will love showing me to all of your friends because I have so many uses!!

The TUPPERWARE CONSULTANT introduced us because she would like for you to join our team and become one of Tupperware's finest!!!

A career in TUPPERWARE is fun and very rewarding. It can be developed with ease around your schedule, yet you can earn money and gifts, with a minimal start up cost.

We will be contacting shortly to share more about the TUPPERWARE opportunity. You would be an AWESOME Consultant.

Sincerely,

Your TUPPERWARE Consultant

Instructions

Print out the note—fold and put inside of a Smidget Container. Have several of these on hand always. At your parties, watch for those that you think would make great consultants. As that person is leaving, inconspicuously slip the Smidget in their hand and say “This is for you but do not open it until you get home.” Of course, she is going to open it as soon as she gets to her car.

The next day, give her a call . Pay her a sincere compliment as to why you gave the Smidget to her—then share more about the Tupperware opportunity with her.
